IN REPLY REFER TO:

TO: ALL LAW ENFORCEMENT AGENCIES

FROM: Bill Erwin, Criminal Justice Data Center Advisor

SUBJECT: 1974 First Quarter Arrest Statistics

This quarterly report is an accumulation of the first three months of 1974 arrest data. This data is compared with the first quarters of 1971, 1972 and 1973.

Comparison of quarterly arrest data may be somewhat tenuous but never the less it is significant to note that the first quarter data of 1974 shows a total of 1,383 felony arrests and 9,257 misdemeanor arrests. First quarter 1974 total arrests have increased 10.2% over the first quarter of last year.

Felony arrests, (Graph I), have increased 6.8% over the first quarter of law year. This graph also indicates that felony arrests have been increasing an average of 15.4% per year and from first quarter 1971 through first quarter 1974 felony arrests have increased 47.9%. Juvenile felony arrests have been increasing an average of 3.5% per year and juvenile arrests accounted for 25% of all felony arrests for the past two years.

Misdemeanor arrests on the other hand have increased 10.7% over the first quarter of last year. Graph II shows that misdemeanor arrests have increased 98.2% from the first quarter 1971 through 1974. This increase amounts to a 26.1 average quarterly increase.

Juvenile misdemeanor arrests have been increasing an average of 21.8% from the first quarter 1972 through the 1974.

Graph III is an illustration of male and female arrests for the first quarter of 1972, 1973 and 1974. Male and female felony arrests have been fluctuating two to three percentage points, the misdemeanor arrests however, have remained a constant percentage of 18% female and 82% male.

Quarter comparisons of misdemeanor arrests by race indicate that whites account for 59%, 58% and 60% for 1972, 1973 and 1974 respectively. Indians account for 39%, 41% and 38% respectively. Other race categories of Negro and Mexician account for 1% each per quarter comparison. The felony arace comparison indicates that whites are being arrested 3% less each first quarter from 1972 through 1974. Indians and other minorities (Negro and Mexician) on the other hand are increasing in felony arrests by approximately 2% per quarter over the last three first quarters.

Offenses known to the police data for the first quarter 1974 have been included in this summary. Since this is the first quarter this data has been compiled no valid comparison can be made. The Crime Index for the first quarter of 1974 shows a rate of 803.3% per 100,000 for the seven major Index Crimes which are murder and non-negligent manslaughter, forcible rape, robbery, aggravated assault, burglary, larceny theft and motor vehicle theft.
